To whom it may concern;

The Kinsmen Club Of Brockville took advantage of an offer to partner with RainBarrel.ca in the TRUCKLOAD sale of rain barrels as a fundraiser.

From start to finish Larry and Leah at RainBarrel.ca were right in there with suggestions and help to set up the program, complete with the offer of booking and accepting payment on their own website, with placing adds on KIJJI etc. It was a pleasure working with these people.

The event was run on a very tight schedule (only 5 weeks from start to finish) and still we pulled off sales of 133 barrels for a profit of just shy of \$3000.00. We priced the barrels at \$60.00, and sold out in 3hrs. With pre-sales of 75 barrels we had to order more. A fantastic idea and project.

This project is highly recommended.
